4. Principles of Academic Integrity and Professional Honesty

The following principles form the foundation for this Policy.

- CHS is committed to academic integrity, honesty, and ethical scholarship.
- CHS will ensure that all students are informed about this Policy.
- It is the responsibility of all students and staff to familiarise themselves with this Academic Integrity Policy and Procedure. Individuals are obliged to consciously ensure that their acts or omissions do not constitute or facilitate breaches of academic integrity or professional honesty.
- Assessment design and scheduling will be such as to promote creative thought and reflection and minimise opportunities for students to engage in acts of academic misconduct.
- When identified, acts of academic misconduct or professional dishonesty will be dealt with according to this Policy and with regard to procedural fairness, the context within which the act occurred, and equity and consistency in applying any disciplinary action.
- Where appropriate, an educative – as opposed to a punitive – response to (minor) acts of academic misconduct may be recommended. The determination of any response to an act of academic misconduct or professional dishonesty will be ultimately guided by this Policy.
- Allegations of academic misconduct or professional dishonesty by staff will be responded to in accordance with the ECA Staff Code of Conduct.

5. Student Responsibilities

CHS students must:

- successfully complete the Academic Integrity Module within the first three weeks of their study at CHS (refer to Section 7);
- familiarise themselves with all related procedures and policies;

- submit only original work which properly acknowledges the ideas, designs, words, or works of others;
- not submit another person's work as their own;
- not purchase or commission work and submit as if it were their own;
- not submit work created with the assistance of others, except in the case of collaboration in connection with group work assessment;
- not use generative artificial intelligence (AI) tools contrary to guidelines published on the College website and in relevant college documentation (e.g. unit outlines);
- submit an electronic copy of any assessment through CHS's text-matching software;
- declare that work submitted for an assessment is their own through the Academic Integrity Declaration (refer to Section 12);
- use the acknowledgement practice methods that are appropriate for their field of study;
- not lend, or allow to be otherwise provided, their original work to other students for any reason except collaboration in connection with group work assessment; and
- encourage other students to uphold the principles of academic integrity and professional honesty.

6. Staff Responsibilities

All staff must:

- cultivate a climate of respect for authorship with students;
- inform all students of acknowledgement practice methods that are appropriate for their field of study and provide clear examples of what is acceptable;
- clearly explain academic expectations and what constitutes plagiarism, collusion, cheating, and other forms of academic misconduct to students;
- clearly communicate to students the potential consequences of breaches of academic integrity and professional honesty;
- actively seek to discourage, detect and prevent plagiarism by supporting students to acquire and demonstrate the principles of academic integrity and professional honesty;
- respond appropriately to all instances of academic misconduct in keeping with this Policy and any related documents; and
- exemplify the values of academic primacy, academic freedom with responsibility, and rigor and integrity in all research and scholarly activities they undertake.

7. Academic Integrity Module

- 7.1 To ensure that students understand academic integrity, all CHS students are required to successfully complete the Academic Integrity Module (AIM) within the first three weeks of their study at CHS.

- 7.2 The AIM provides students with information about their academic integrity responsibilities, the importance of proper acknowledgement and referencing, and how to avoid plagiarism and other types of academic misconduct. To successfully complete the module, students must complete the AIM quiz and achieve a score of 100%. Students may repeat the AIM and quiz as many times as needed until successfully completed.
- 7.3 Students who have not successfully completed the AIM by the completion of their first study period will not be permitted to enroll in any further units. The Dean (Academic) may waive either condition in special circumstances.
- 7.4 In accordance with Section 5, Student Responsibilities, of the CHS [Assessment and Moderation Policy](#), students are responsible for submitting all assessment tasks in accordance with the requirements set out in the relevant Unit of Study Guide and for ensuring compliance with this Policy (see Section 12).

8. Level 1 Breach

CHS classifies academic integrity breaches into three levels according to the seriousness of the breach. This section defines Level 1 breaches and describes the processes and penalties for Level 1 breaches.

8.1 Definition and Scope

A Level 1 breach refers to poor academic practice that has generally occurred because of inexperience rather than a deliberate act of deception. Level 1 breaches are generally restricted to students who are relatively new and inexperienced in academic practice.

- 8.2 CHS recognises that, in some cases, it is more appropriate to consider Level 1 breaches an educational matter, allowing the student the opportunity to learn from their mistake and subsequently minimise the likelihood of future breaches.

- 8.3 Level 1 breaches are any matter in an assessment task, where:
- misconduct is due to poor academic practices and there is no attempt by the student to gain any unfair academic advantage;
 - the misconduct is of lesser scale or scope than Level 2 and Level 3 breaches; and
 - the misconduct is of a minimal threat to the integrity of assessment in relation to the unit of study concerned.

For a matter to be classified as Level 1 breach, the student must acknowledge the breach and the facts that gave rise to the allegation.

- 8.4 Examples of Level 1 breaches may include, but are not limited to:
- inadequate referencing; and/or
 - inappropriate collaboration; and/or
 - poor use of citations; and/or
 - poor paraphrasing; and/or
 - inappropriate or unacknowledged use of artificial intelligence tools.

8.5 Process for dealing with Alleged Level 1 Breaches

Level 1 breaches will be dealt with by the tutor and Unit Coordinator, in consultation with the Course Coordinator when needed. The resolution will have an educational focus designed to prevent further breaches by the student.

Processes for dealing with allegations at this level are:

- 8.5.1 If the alleged breach is detected by a tutor other than the Unit Coordinator,
 - a) The tutor will advise the Unit Coordinator of the situation.
 - b) With the agreement of the Unit Coordinator, the tutor will contact the student to discuss the alleged breach.
 - c) The tutor will report their findings and recommendations to the Unit Coordinator. Recommended action must be in accordance with Section 8.6.
 - d) The tutor will report the breach using the Academic Integrity Breach Form.
- 8.5.2 If the alleged breach is detected by a Unit Coordinator:
 - a) The Unit Coordinator will contact the student to discuss the alleged breach.
 - b) The Unit Coordinator will report the breach using the Academic Integrity Breach Form.
 - c) The Unit Coordinator will determine any actions or penalties in accordance with Section 8.6.
- 8.5.3 The report will be reviewed by the Academic Integrity Officer (or delegate). In determining whether a Level 1 breach has occurred, the Academic Integrity Officer (or delegate) will consider the facts of the case and the procedural fairness of the process.
- 8.5.4 Where a Level 1 breach is confirmed, the student will be provided with a formal written decision and advised of any subsequent action (see Section 8.6). All academics involved in the matter will also be informed.
- 8.5.5 The breach will be recorded as a Level 1 breach in the Academic Integrity Breach Register. Associated details, including decisions and outcomes, will also be recorded in the Register.
- 8.5.6 Where no breach is found, the student and academics involved in the matter will be advised accordingly with an appropriate notation in the Academic Integrity Breach Register.

8.6 Penalties for Level 1 Breaches

Upon determination that a student is guilty of a Level 1 breach, the student will:

- receive a formal written warning acknowledging the need to improve academic practices, and
- be required to attend a consultation with a Learning Advisor, and
- be required to complete the Academic Integrity Module.

Where appropriate, one of the following additional penalties may also be imposed:

- the requirement to revise and resubmit the work, in whole or in part, with a maximum achievable mark of 50%; or
